Features & Benefits

Energy Multi-Plex™ provides a comprehensive adrenal support formula with proprietary blends of the most researched nutrients.

Suggested Use

As a dietary supplement, take three capsules per day with meals or as directed by your health care professional. May be taken at the same time or throughout the day.

Cautions

Pregnant and breastfeeding women should not take unless instructed

to by their health care professional. Due to blood thinning effects of Ginseng, do not combine with anticoagulant drugs such as Coumadin® or with anti-inflammatory drugs that tend to cause bleeding including Aleve®, Anaprox®, Indocin®, Motrin®, Naprosyn®, Orudis®. D-ribose may also reduce blood sugar levels of diabetics.

Each Capsule Includes:

Features	Constituents/Actions	Benefits*
Energymax™ Complex	<ul style="list-style-type: none"> D-ribose Panax ginseng 	<ul style="list-style-type: none"> Promotes healthy energy levels by raising the level of the body's energy fuel, ATP Supports healthy cognitive performance
MuscularEnergy™ Complex	<ul style="list-style-type: none"> Malic acid Rhodiola rosea 	<ul style="list-style-type: none"> Key role in energy producing Krebs' Cycle and muscle recovery Adaptogenic affect to support physical activity
Mitochondria Energizer™ Complex	<ul style="list-style-type: none"> Acetyl-L-carnitine Alpha lipoic acid 	<ul style="list-style-type: none"> Improves mitochondrial function while promoting healthy cognitive function Catalyst for ATP production in mitochondria
Metabolism Plus™ Complex	<ul style="list-style-type: none"> Pyruvic acid 7-Keto DHEA 	<ul style="list-style-type: none"> Naturally increases without artificial stimulation of resting metabolism Multiple studies show increased fat utilization (fat loss) as an energy source
HeartStrong™ Complex	<ul style="list-style-type: none"> Co Q10 L-taurine 	<ul style="list-style-type: none"> Used by the body to transform food into adenosine triphosphate (ATP), the energy on which the body runs Promotes healthy heart and gum tissue Modulates immune system Promotes healthy heart beat and cell wall stability
Integrated blend of key energy nutrients	<ul style="list-style-type: none"> Pantothenic acid Vitamin B-12 Magnesium Potassium 	<ul style="list-style-type: none"> Key nutrients involved in producing, transporting and releasing energy from fat Promotes healthy neuromuscular function and muscle contractions
